Introduction of Participants

- What do you do when you aren't working?
- Is there an interesting and unknown fact about you?
- What's your favourite algorithm?

Welcome!

The new AC group

- We cover a broad range of aspects of A+C
- Theoretical and applied areas of research
- We're individually good — but can **get stronger as a team!**

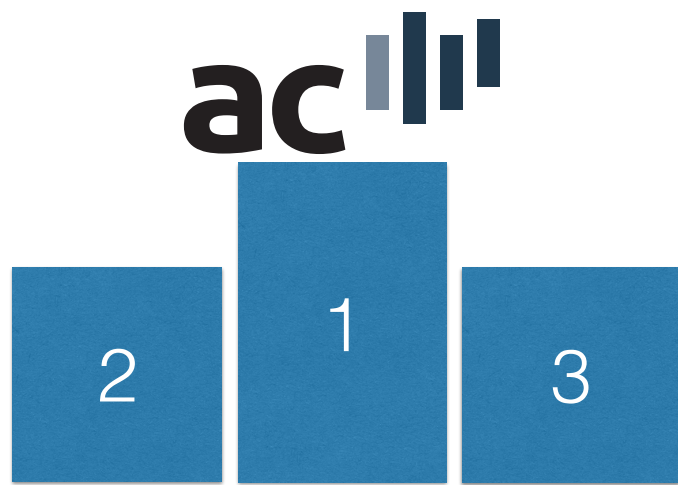

The Vision: Center of Excellence

Why?

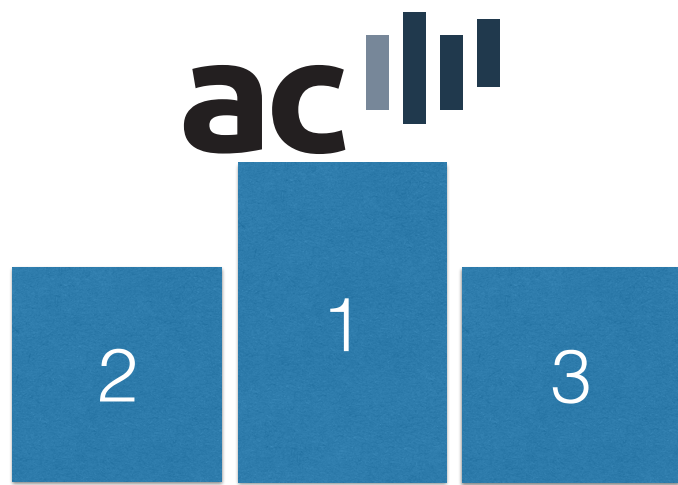

- university/faculty gives us more resources
- non-permanent team members get good jobs (industry/academia)
- We get excellent phd students and postdocs
- team members have better chances for research grants (ERC, FWF-Start)

Objective of Retreat

make first step

Specific Goals

- Learn what we are doing
- Identify what can we do better than other groups
- Identify unique strengths
- Make the whole be more than the sum of its parts
- This will provide the first step towards achieving the vision!
